Bullying has become a serious thing, especially amongst teens, what are your thoughts on it, and do you have any ideas on how to combat it?

I personally believe that bullying is very unacceptable, and it is very uncomfortable seeing someone being bullied.

I think we should set boundaries and tell the bully to stop, also report an incident to someone else if you witness someone being bullied.

PLEA TO THE PRESIDENT

Dear Mr. President

As a 15 year old living in South Africa, never had I ever imagined that we could go through such a pandemic that has hit the whole world. Sure, I have heard about the 1918 Flu Pandemic and I have read about it but with our advance technology, I would have never imagined that we would go through something as drastic as that.

Covid-19 has had a drastic impact on a lot of factors and has altered our lives completely. Our economy's recession resulted in retrenchments and millions of job losses. We were already going through a difficult time with the ever-increasing unemployment rate before this global pandemic but now its worse.

My request to you Mr President is that you find a way to intervene on Private sectors and eradicate retrenchments, also cut down ridiculous salaries earned by some officials to fix dysfunctional schools in townships and rural areas. Because your learners are your future leaders.
